RICOH WORKS Scholarship 2018-2019

RICOH WORKS SCHOLARSHIP

RICOH wishes to recognize deserving students in need of support to pursue their career, education and/or learning goals. The criteria for this scholarship will include the level of adversity and/or specific challenges that the student has successfully managed and the work ethic, optimism, resilience and knowledge that the student has shown in reaching graduation.

FIVE scholarships of \$500.00 will be awarded to students demonstrating Work Ethic, Optimism, Resilience, Knowledge and Success while successfully graduating with an Alberta High School Diploma or an Alberta High School Certificate of Achievement.

These scholarship awards are to recognize and support students who have overcome some level of adversity to continue their learning and graduate from high school.

The RICOH Works Scholarship Awards offer support to graduates for continued learning past high school in any capacity. Schools will support a student's application for the RICOH Works Scholarship by nominating a graduating student who has overcome some level of adversity and is deserving of support in his/her pursuit of further learning.
